CRITICAL MASS?

The package manager for the Erlang ecosystem

Using with Elixir

Simply specify your Mix dependencies as two-item tuples like `{:ecto, "~> 0.1.0"}` and Elixir will ask if you want to install Hex if you haven't already. After installed, you can run `$ mix local` to see all available Hex tasks and `$ mix help TASK` for more information about a specific task.

Using with Erlang

Download `rebar3`, put it in your `PATH` and give it executable permissions. Now you can specify Hex dependencies in your `rebar.config` like `[deps, [hackney]]`.

[ABOUT](#) [LOCATION](#) [SPEAKERS](#) [SPONSORS](#) [ORGANIZERS](#)

ElixirConf.EU
The European Conference for Elixir Makers.
Tutorials 10 May 2016; Conference 11-12 May 2016 Berlin, Germany

[Info](#) [Speakers](#) [Programme](#) [Register](#) [Venue](#) [Tutorials](#) [Sponsors](#) [About](#) [Other Conferences](#)

Info
The second European edition of the ElixirConf will take place in funky Berlin on 11-12 May. Besides the 2 days of learning and community fun, a full day of tutorials on Elixir and Phoenix is scheduled for 10 May. The Standard Rate finishes on 26 April, 11.59am CEST. If there are any tickets left, then we will move to the Late-Comer's Rate, until the conference sells out.
